REPORT OF THE BOARD OF SELECTMEN

To the People of Mendon:

1. During 1968 a considerable portion of the Selectmen's time and effort was devoted to problems concerning our Police Department. These problems finally culminated in the resignation of the former Police Chief and the selection and appointment of Kelsie Townsend to this position. From all indications the Board is convinced that our selection has been a wise and prudent one. It is pointless to state that due to the great amount of time spent on this issue many items which needed our attention have been postponed or otherwise delayed. It is hoped that the Police Department can now proceed and function with little or no attention required from this Board.

2. One of the items at the July 22nd Special Town Meeting concerned the building of new office facilities. This item has been brought before the voters several times in the past few years. Each postponement only serves to add more gravity to this serious situation. The Building Committee is again working on a new approach toward resolving this matter and it is fervently hoped that the townspeople will accept their next recommendation.

3. The Board has recommended to the Conservation Committee that action be taken to set aside under their jurisdiction a piece of wet land of approximately fourteen acres to which the Town has taken title due to unpaid taxes. The value of this land lies in that it controls the water level of Lake Nipmuc and thus would be of benefit to the Town.

Secondly we have requested the Conservation Committee to explore the possibility of acquiring a piece of land of approximately four acres adjacent to the Town Beach Parking Lot. This land could be used to expand our recreational area when necessary or desirable.

4. The Town had the unfortunate experience of two deaths due to drowning at Lake Nipmuc. In the interest of assuring the highest degree of safety the Board met with officials of the Worcester Chapter of the Red Cross and reviewed in depth all existing conditions at our beaches. The outcome of this has been the adoption of several measures which further improved the safety of these areas.

5. The Board with the Chief of Police has met with representatives from the Department of Public Works of Worcester and Boston to discuss traffic rules and regulation plans for the Town. The Board will adopt and make rules and orders for the regulation of traffic upon the streets and highways of our Town.

6. The Fire Department has procured and installed a Town Fire Alarm System which at present contains five alarm stations and covers only one section of the Town. We believe that this is a significant step forward, the providing better fire protection for our citizens. It is hoped that additional funds will be appropriated in the future to expand this alarm system to all areas of the Town.

7. The Board working in conjunction with the various departments of the Town has provided hospitalization and life insurance coverage for Town Employees who work in excess of twenty hours per week or earn more than \$2,000.00 annually. The cost of this program is shared equally by each employee and the Town.

Other benefits such as paid holidays, vacations, paid sick day allowances, police uniforms and equipment have also been provided. The amounts of these benefits in each instance are equal to or less than those allowed by private industry or surrounding Towns.

8. The Board has installed street lights at several intersections in order to improve night safety conditions. It is planned that additional lights will be added in areas which so warrant.

9. The crowded conditions at our Regional High School continue to increase with double sessions now in their second year. While this arrangement is in existence we are depriving our children of a full scholastic curriculum to properly prepare them for entrance into institutions of higher learning. Double sessions only postpone the day of reckoning on this issue and with each postponement the region will be faced with significantly higher building costs when a final determination to build has been reached.

10. The year 1968 saw the opening of two new businesses on Route 16. It is hoped that this beholds the beginning of more such acquisitions. In relation to these matters the Board will focus prime attention in 1969 toward activating and strengthening the Industrial Development Commission.

11. Several controversial issues came before the Board during this year. On each occasion a small minority group has severely and unjustifiably criticized the action of the Board and in many instances misrepresented the facts to the public. This condition was further aggravated by one of the local news media which normally covers our meetings by further misinterpreting the information submitted to them by their agents. The objectives here are obvious and any rebuttal on our part would serve no useful purpose.

The Board has refrained on many occasions from entering into any dialogue after considering the source of this information. Secondly such participation would create more embarrassment to the Town and its people and in the process would result in impairing the dignity of the office which is represented by the Board.

If the citizens of Mendon wish to continue to attract those who are most qualified for the Office of Selectman, they should openly express their confidence in them and provide their support on critical issues.

12. The Board feels that it is only proper that we take note in our report of the retirement of Mr. Joseph Taylor from the Finance Committee. Mr. Taylor has been a member of this committee for the past nine years, serving as its chairman for the nine years. During this time he has served our Town in an exemplary, dedicated and sacrificial manner seldom seen in the annals of our Town history. Such effort and performance should not go unnoticed and it is with sincere gratitude that we extend our appreciation for his service to us all.

Respectfully submitted,
E. Theodore Giatas, Chairman
Arthur Wiersma

TOWN CLERK REPORT

1968

The Town Clerk's position is a blending of official duties and responsibilities as spelled out in 73 Chapters and 451 sections of the General Laws. It is a natural tendency of citizens to seek out the Town Clerk as a source of information, aid or assistance in regard to almost any aspect of town affairs, services, or functions. The Town Clerk relates to nearly every town official in some way, as well as to all boards and committees.

In serving the town for 40 years as Assistant Town Clerk and for the past two years as Town Clerk, I have enjoyed every aspect of the responsibilities and duties of the office as well as the genial atmosphere of working with various boards and committees. However, the genial atmosphere has been somewhat lacking in one area during 1968.

As Town Clerk, I wish to express my sincere gratitude to all town departments, with one exception, for their cooperation throughout the year of 1968.

It was voted that the sum of three thousand, seven hundred dollars (\$3,700.00) be appropriated to meet the Town's share of the cost of Chapter 81 Highways, and that the sum of ten thousand one hundred and seventy-five dollars (\$10,175.00) be appropriated from Available Funds to meet the State's share of the cost of the work; the reimbursements from the State to be restored, upon their receipt, to the Excess and Deficiency Account.

Item 56. It was voted that the sum of one thousand seven hundred dollars (\$1,700.00) be appropriated to meet the Town's share of the cost of Chapter 90 Highways Maintenance and that the sum of three thousand four hundred dollars (\$3,400.00) be appropriated from Available Funds to meet the State's and County's share of the cost of the work; the reimbursements from the State and County to be restored, upon their receipt, to the Excess and Deficiency Account.

Item 57. It was voted that the sum of three thousand five hundred dollars (\$3,500.00) be appropriated to meet the Town's share of the cost of Chapter 90 Highways Construction and that the

sum of ten thousand five hundred dollars (\$10,500.00) be appropriated from Available Funds to meet the State's and County's shares of the cost of the work; the reimbursements from the State and County to be restored, upon their receipt, to the Excess and Deficiency Account.

Item 61. Voted that the sum of \$3,700.00 be appropriated from the Road Machinery Fund to the Road Machinery Account.

Item 62. Voted that the sum of \$9,500.00 be appropriated from the Road Machinery Fund, for the purchase of a new truck with special equipment and that the present 1962 International truck be taken in trade; and for the purchase of sidewalk snow removal equipment. This truck and equipment to be purchased under the jurisdiction of the Selectmen and the Highway Surveyor.

The complete list of Appropriations of this meeting will be found on pages 18 and 19.

ARTICLE 5. It was voted that the sum of \$138.49 be appropriated to pay unpaid bills of 1967. The vote was unanimous.

ARTICLE 6. Mr. E. Theodore Giatas read the following motion under this article: Mr. Moderator: I make a motion that the Town appropriate the sum of \$95,000.00 for the construction and original equipping of a Town Office Building including library facilities, and to meet said appropriation, the sum of \$10,000.00 be taken from the Stabilization Fund and the Treasurer with the approval of the Selectmen be authorized and directed to issue and sell as one issue, or from time to time as two or more issues, serial bonds or notes of the Town aggregating \$85,000.00 in principal amount under authority of Chapter 44, Section 7 of the General Laws, as amended, and that all bonds or note shall be issued and sold in accordance with the applicable provisions of Law, but each issue of bonds or notes shall be a separate loan which shall be paid in not more than ten years from the date thereof, or do or act in any manner pertaining thereto. Mr. Giatas also read an Amendment to Article 6 as follows: To see if the Town will vote to appropriate the sum of \$45,000.00 for the construction and the original equipping of a Town Office Building, the design and location of which to be presented and approved at a Town Meeting to be called for this purpose at some future date. To meet the said appropriation the sum of \$10,000.00 be taken from the Stabilization Fund and the Treasurer with the approval of the Selectmen be authorized and

directed to issue and to sell as one issue, or from time to time as two or more issues, serial bonds or notes of the Town aggregating \$35,000.00 in principal amount under authority of Chapter 44, Section 7 of the General Laws as amended and that all bonds or notes shall be issued and sold in accordance with the applicable provisions of Law but each issue of bonds or notes shall be a separate loan which shall be paid in not more than ten years from the date thereof or do or act in any manner pertaining thereto. Donald Consoletti questioned the amendment in opposition. Amendment comments were made by Elizabeth Martini, Leo Lovely, Theodore Giatas, Joseph Taylor, who stated that the Finance Committee had no knowledge of the amendment and was unable to make any recommendation on the same. Remarks were made by Arthur Wiersma, David Hamilton, Henry Twitchell and James Grant. A ten minute recess from 8:40 to 8:50 P.M. was declared by the Moderator for the benefit of the Finance Committee. The meeting was resumed and an amendment to the amendment was presented by Donald Consoletti, and was ruled out by the Moderator. Further remarks were made by Gordon Good, David Allen, Louis Benotti and Joseph Taylor. Selectman Giatas admitted that it had been too late to change the place of meeting to another location. Amendment to Article 6 was reread and put to a hand vote, with John Quirk and Harold Lowell serving as tellers. A 2/3 vote was needed on financial recommendations. Vote: Yes 140 No 110 Needed 166, Amendment rejected. Motion for Article 6 as worded in Warrant was reread. Carleton Goss made remarks. Joseph Taylor made the following motion: The finance committee recommends that Article 6 be referred back to the Building Committee for further study, and to report back at a Special Town Meeting. Voted unanimously on both floors in favor of motion.

This system to include the existing two schools, the Housing for the Elderly, and the center of the Town in accordance with a plan proposed by the Fire Chief. This system to be purchased under the jurisdiction of the Selectmen and the Fire Chief. Unanimous vote.

ARTICLE 8. Voted that the sum of \$2,000.00 be appropriated for the purchase and installation of a new heating system to replace the present heating system in the Taft Public Library. Unanimous vote.

ARTICLE 9. Voted that the sum of \$2,500.00 be appropriated for installing drainage on George Street. Unanimous vote.

ARTICLE 10. Voted that the sum of \$4,000.00 be appropriated for reconstruction work on Park Street. Unanimous vote.

ARTICLE 11. Voted that the sum of \$2,734.76 be appropriated from the proceeds of Chapter 616 of the Acts of 1967 for reconstruction work on Bates Street. Unanimous vote.

ARTICLE 12. Voted that the sum of \$500.00 be appropriated for the purpose of providing for participation of eligible retarded children in a Regional Summer Recreational Program. Unanimous vote.

ARTICLE 13. Voted that the Town accept a gift of \$1,000.00 from Mrs. Samuel B. Lincoln for the purpose of establishing a Trust Fund in the name of Adrian and Ellen J. (Thayer) Scott and Malcolm D. and Ida (Barrows) Scott, and the interest to be used for the care and maintenance of the above named Scott grave lots in Pine Hill Cemetery. Unanimous vote.

ARTICLE 14. Voted that the Town change the name of the North Avenue Elementary School now known as the "Center School", to the "Henry P. Clough School" in honor of our recently retired and beloved educator, Henry P. Clough. Unanimous rising vote.

ARTICLE 15. Voted that the Town place the "Town Beach Property" at Lake Nipmuc under the jurisdiction and control of the Park Commissioners effective January 1, 1969, and subject to the

to the rules heretofore established as they may from time to time be amended. Unanimous vote.

ARTICLE 16. Voted that the Town abolish the Town Forest Committee effective January 1, 1969, and turn over the control of all property under its jurisdiction to the Town Conservation Committee. Unanimous Vote.

ARTICLES 17 and 18. The Moderator declared articles 17 and 18 invalid due to the fact that they were improperly inserted in the Warrant. According to Chapter 39, Section 10 of the General Laws, petitions for articles in the Warrant must be presented to the Board of Registrars for certification of names. This procedure was not carried out, hence the reason for the Moderator declaring them invalid. There was considerable argument and discussion under these articles. The Town Clerk stated that the correct information was given her by the Supervisor of Elections in the State House, and the Secretary of State John F. X. Davoren, personally. The Town Clerk stated that she followed orders from the State House and not the Board of Selectmen.

The Moderator declared the meeting dissolved at 10:05 P.M.

March 25, 1968

A special invitation was extended to Secretary of State John F. X. Davoren to visit Mendon on Election day.

Mr. Davoren and his staff arrived at 12:15 P.M. and was taken to the Town Hall to inspect the Election. He was introduced to the Warden, election workers and all connected with the Election. Mr. Davoren stated that he found everything in proper order.

After a brief visit at the Town Hall, Mr. Davoren, his wife, his niece and his staff were escorted to the New England Steak House for a luncheon served by Mr. John E. Quirk, proprietor. Those accompanying Mr. Davoren and his group were the Town Clerk of Mendon, Arthur Wiersma and Kenneth Taylor of the Board of Selectmen of Mendon.

Section VII – Regulations for cesspools, septic tanks, vault privies and public sewers.

Item 1. (to be changed to read as follows)

A sewer permit will be granted by the Board of Health, only when the board is presented with a recommended septic system, determined by percolation tests, taken by an authorized civil engineer.

Item 1. (to be numbered 2)

Item 2. (to be numbered 3)

Item 3. (to be numbered 4)

Item 5. A permit to build will be issued only when an adequate water supply is assured, to provide for the occupancy of the proposed structure.

Item 4. (to be numbered 6)

(Remaining items in this section to be renumbered to conform.)

Section VIII – Administration

Item 1. Enforcement (include as is)

Item 2. Penalty – Any person violating the provision of this By-Law shall be fined not more than twenty dollars for each offense. Each day that such violation continues shall constitute a separate offense.

(Item 2 of Section VIII to be changed to Section IX)

(Remaining Items to be included under Section VIII)

Section IX — Board of Appeals.

- Item 1. There shall be a Board of Appeals of three members as approved in Chapter 40 A of the General Laws, as amended, which shall act on all matters as prescribed in Chapter 40 A. of the General Laws and as indicated below. The members shall be appointed by the Board of Selectmen for a term of three years provided that only one term shall expire each year. Where a permit or authorization by the Board of Appeals is required under this by-law, the Board of Selectmen shall withhold the Zoning Permit until written approval of the Board of Appeals is received.
- Item 2. The Board of Appeals may grant special permits for exceptional uses in instances provided for in Sec II Items 1 & 2. No special permit shall be granted by the Board unless it determines, in addition to factors specified in Section II to be determined by it, that the proposed use will not be injurious, obnoxious, offensive, dangerous, or a nuisance to the community or to the neighborhood through noise, vibration concussion, odors, fumes, smoke, gases, dust, harmful fluids or substances, danger of fire or explosion, or other objectionable feature detrimental to the community or neighborhood health, safety, convenience, morals or welfare. In granting any special permit, the Board may impose reasonable safeguards, conditions and limitations and may require reasonable security for their observance, including the giving of a bond to insure performance by the holder of the permit.
- Item 3. The Board of Appeals shall hold public hearings as may be necessary to carry out the purpose of this by-law as provided in Sec. 17 of Chapter 40A of the General Laws.
- a. Any person aggrieved by the refusal of the Board of Selectmen to issue a Zoning Permit under the provision of this by-law may appeal in writing to the Board of Appeals.

- b. The Board of Appeals shall hear and decide requests for special permits as provided in sections of this by-law.
- c. The Board of Appeals shall hear and decide requests for variance from the terms of this by-law where literal enforcement would involve substantial hardship because of conditions unique to the building or land in question.
- d. The Board of Appeals shall give due consideration to promoting the public health, safety, convenience and welfare concerning property values and encouraging the most appropriate use of land and may impose appropriate restrictions where necessary to carry out the intent and purpose of the Zoning By-Law.

Item 4. The Board of Appeals will consider an application for a multi-unit dwelling as a business enterprise.

Section X – Provisions for Applying for Rezoning for a Business District.

Item 1. Size of Lots and Location of Buildings in Business District.

In a business district, each lot used in part or in whole for business shall have a minimum frontage on the street of one hundred feet and a minimum depth from the street sideline of one hundred and fifty feet. No building shall cover an area in excess of one third of the total area of the lot. No building or structure shall be situated in business districts less than fifteen feet from the district boundary abutting a residence district and less than sixty feet from the street center line. No dwelling solely for residence purposes shall be erected on a lot in a business district unless the dwelling and lot conform to the requirements set forth in the table of Section V Item 2.

Item 2. Site Plan Approval

With each application for permission of the Board of Appeals under Section II Item 2-B of this by-law there shall be submitted to said Board a site plan of the proposed use prepared by a registered professional engineer, architect or

landscape architect. Such site plan shall show among other things all existing and proposed buildings, structures, parking spaces, driveway openings, driveways, service areas, and other open uses, all facilities for sewage, refuse and other waste disposal and for surface water drainage and landscape features such as fences, planting areas and walks on the lot. Six copies of the site plan shall be filed with the Board of Appeals, three of which shall be forwarded to the Planning Board for its review and recommendations. In reviewing a site plan, the Planning Board and Board of Appeals shall consider among other things the following.

- a. Compliance with the requirements for parking, lot size, frontage, yards and heights and coverage of buildings, and all other provisions of this By-law;
- b. Convenience and safety of vehicular and pedestrian movement within the site and in relation to adjacent streets, properties or improvements.
- c. Adequacy of arrangement and the number of parking and loading spaces in relation to the proposed uses of the premises;
- d. Provision for off-street loading and unloading of vehicles incidental to the servicing of the buildings and related uses on the lot or tract;
- e. Arrangement and appearances of proposed buildings, structures, signs, screening and landscaping;
- f. Adequacy of methods for waste disposal, surface and subsurface drainage and lighting;
- g. Protection of adjoining premises and the general neighborhood from any detrimental use of the lot or tract.

The Planning Board shall make its report and recommendations on the site plan in writing to the Board of Appeals within thirty (30) days after the hearing before the Board of Appeals, and if it should fail to do so, the Board of Appeals may act without such report and recommendations.

Item 3. Harmony

For the purpose of promoting and preserving harmony in architectural treatment and avoidance of incongruous or

inappropriate character of architectural appearance and arrangement of building detrimental to the property values of adjoining owners or the community no building permit shall be issued for any new building or structure, or for any addition or alteration to the exterior of any existing structure in a business district until plans showing proposed location and exterior appearance shall have been submitted to the Board of Selectmen for review, comment and suggestions, with the advice of the Planning Board, and the Board of Selectmen shall have made such comment and suggestions or allowed three (3) weeks to elapse after such submission without action.

Item 4. Appeal — As provided for in Sec. 21 Chapter 40A, of the General Laws.

Any person aggrieved by a decision of the Board of Appeals, whether or not previously a party to the proceeding, or any municipal officer or board, may appeal to the superior court for the county in which the land concerned is situated, by filing a bill in equity within twenty days after the decision has been filed in the office of the city or town clerk.

Item 5. Intent

It is not the intent or object of this by-law, to discourage, deter or hinder, in any way, a person or persons, who desire to locate in Mendon, for commercial or industrial enterprises. Applications made for such purposes, under the provisions of this by-law will be given maximum cooperation by the Administrative officials involved and the residents of the Town of Mendon.

Miss Emily L. Coleman
Town Clerk
Mendon
Massachusetts

Dear Miss Coleman:

I regret that it is necessary to return the amendments to zoning by-laws adopted under article 3 of the warrant at the special town meeting held August 19, 1968, with the disapproval of the Attorney General endorsed thereon.

These amendments are disapproved for the reason that the published notice of hearing before the planning board did not describe the subject matter sufficiently for identification, as required by the Zoning Enabling Act (Chapter 40A, Section 6). The notice as published reads as follows, in full: "The Mendon Planning Board will hold a public hearing on Tuesday, August 13 at 8 PM in town hall for the purpose of presenting the proposed new revisions and amendments to the town zoning by-laws. Town of Mendon Planning Board". There follow the names of the members of the Board and the dates of publication. Merely to say that amendments to the zoning by-laws are amendments to the zoning by-laws does not identify the nature of the proposed amendments.

I have not discussed the validity of the contents of the amendments adopted since they cannot be approved in any event because of the faulty notice. I would suggest, however, that if similar amendments are submitted to a future town meeting, that town counsel be consulted in the drafting of the amendments and in connection with the procedure to be followed.

Very truly yours,
Carter Lee
Assistant Attorney General

**PROPOSED AMENDMENT TO THE AGREEMENT FOR THE
ESTABLISHMENT OF THE MENDON-UPTON
REGIONAL SCHOOL DISTRICT**

The agreement for the establishment of the Mendon-Upton Regional School District is hereby amended as follows:

1. Section I is hereby amended by adding after subsection I (H) the following subsection:
 - I. Notwithstanding any provisions to the contrary contained in subsections I(A) to I(D), on and after the annual town elections of the member towns held in 1969, the Committee shall consist of six members, three from each member town, all of whom shall be elected. Two of the three elected members shall continue to be elected as provided in subsection I (D). At the annual town elections in 1969, and at the annual town elections held every third year thereafter, each member town shall elect a third member to serve on the Committee for a term of three years.
2. By striking out Section II and inserting in place thereof the following section:

SECTION II – LOCATION OF REGIONAL SCHOOLS

- (A) Any regional school constructed for the purpose of accommodating pupils from both member towns shall be located within a radius of six miles from the junction of Mendon Street in Upton and North Avenue in Mendon. Any school constructed for the purpose of accommodating pupils primarily from a particular member town shall be located in the town accommodating such pupils.
- (B) The town of Mendon is hereby authorized to lease to the regional school district all the premises and buildings presently known as the Henry P. Clough School. The town of Upton is hereby authorized to lease to the regional school district all the premises and buildings presently known as (1) the Upton Memorial School and (2) the George S. Ball School. Each of the leases authorized above shall be for a term of twenty years and

the term shall commence on the date when the Committee assumes jurisdiction over the pupils in kindergarten through grade six. Each of the leases shall contain a provision for the extension of the term thereof for an additional term not in excess of twenty years, renewable at any time during the term, at the option of the Committee. Each of the leases shall contain provisions authorizing the regional school district to insure, repair, improve, alter or remodel any of the leased buildings. No rental shall be charged to the District by any of the member towns. Each lease involving a member town shall be on such other terms as may be determined by the selectmen thereof and the Committee, who shall execute the lease for the member town and the regional school district, respectively.

3. By striking out subsection III (A) and inserting in place thereof the following subsection:

(A) The regional school district shall comprise all grades from kindergarten through grade twelve. The Committee shall assume jurisdiction over the pupils in kindergarten through grade six on January 1, 1969. Nothing contained herein shall affect the obligation of the member towns to provide education for the pupils in the member towns attending all the grades from kindergarten through grade six prior to January 1, 1969.

4. By striking out subsection IV (D) and inserting in place thereof the following subsection:

(D) Debt service on bonds or notes issued by the District to finance construction costs of a district school shall be apportioned to the nearest hundredth of one per cent on the basis of each member town's pupil enrollment in such school. Each member town's share shall be determined by computing the ratio which its pupil enrollment in such school on October 1 of the year next preceding the year for which the apportionment is made bears to the pupil enrollment from all the member towns in such school on that date. If there is no enrollment in such school on the aforesaid October 1, the apportionment of debt service with respect thereto shall be made on the basis of the estimated pupil enrollment in such school on

the aforesaid date had there been any enrollment, such estimate to be made by the Committee.

5. By striking out subsection IV (E) and inserting in place thereof the following subsection:

(E) Operating costs for the calendar year 1970 and for every calendar year thereafter shall be apportioned to the member towns on the basis of their respective pupil enrollments in the regional district schools, including the schools referred to in subsection II (B). Each member town's share shall be determined by computing to the nearest one hundredth of one per cent the ratio which that town's pupil enrollment in the regional district schools on October 1 of the year next preceding the year for which the apportionment is determined bears to the total pupil enrollment from all the member towns in the regional district schools on the same date. If there is no enrollment in the aforesaid schools on such date, operating costs shall be apportioned on the basis of enrollment in all the grades from kindergarten through grade twelve of pupils residing in each member town and receiving education at such town's expense on such date. For the calendar year 1969, operating costs shall be apportioned to the member towns on the basis of enrollment in all the grades from kindergarten through grade twelve of pupils residing in each member town and receiving education at such town's expense on October 1, 1968.

6. By adding at the end of Section XII the following paragraph:

Any teacher in any of the grades from kindergarten through grade six serving at the discretion of the local school committee of a member town on December 31, 1968, shall be employed by the regional district school committee to serve at its discretion. Any teacher in any of the grades from kindergarten through grade six not serving at the discretion of the local school committee of a member town on December 31, 1968, shall be employed by the Committee to serve at least for the balance of the 1968–1969 school year.

STATE ELECTION

Electors of President and Vice-president, Congressman, Councillor, Senator, Representatives in General Court, County Commissioners, and Sheriff, and the questions as stated on the following pages.

QUESTION NO. 1

PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held June 16, 1965, received 210 votes in the affirmative and 26 in the negative, and in a joint session of the two branches held May 10, 1967, received 220 votes in the affirmative and 9 in the negative?

YES

NO

SUMMARY

The proposed amendment of the Constitution increases from five days to ten days the period of time the Constitution gives the

Governor to act upon measures passed by the Legislature and submitted to him for approval. No other changes are made in the several Constitutional provisions relative to action by the Governor upon such measures.

QUESTION NO. 2
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held August 30, 1966, received 188 votes in the affirmative and 46 in the negative, and in a joint session of the two branches held May 10, 1967, received 174 votes in the affirmative and 78 in the negative?

YES

NO

SUMMARY

The proposed amendment of the Constitution authorizes the Legislature to impose an income tax graduated according to total income, and authorizes the granting of reasonable exemptions, deductions and abatements, as an alternative to the exercise of the Legislature's existing power to tax income under Article 44 of the Amendments to the Constitution. Without limiting the foregoing authorization, the proposed amendment permits any such tax to be imposed at a uniform percentage of an individual's federal income tax liability or at graduated rates applied to his total income taxable federally, and it permits reasonable variations of any federal provision. It requires that the graduated rates, exemptions, and deductions be set without regard to the kind of income being taxed.

QUESTION NO. 3
PROPOSED AMENDMENT TO THE CONSTITUTION

Do you approve of the adoption of an amendment to the constitution summarized below, which was approved by the General Court in a joint session of the two branches held July 20, 1966,

received 225 votes in the affirmative and 1 in the negative, and in a joint session of the two branches held June 15, 1967, received 210 votes in the affirmative and 2 in the negative?

YES

NO

SUMMARY

The proposed amendment of the Constitution defines the circumstances in which a Governor's inability to perform his functions shall cause his office to become vacant, and it establishes a procedure for making the necessary determinations. The office will become vacant following a declaration of disability by the Governor himself or by the Chief Justice and a majority of the Associate Justices of the Supreme Judicial Court, or such other body as the Legislature may provide. The vacancy will terminate four days after the Governor declares that no disability exists, unless (1) within that period the Chief Justice and majority of the Associate Justices, or such other body provided by the Legislature, should make a contrary declaration and (2) within another stated period the Legislature, by two-thirds of each branch present and voting, then determines the issue contrary to the Governor's declaration.

The same procedure will also apply to a Lieutenant Governor who in the case of a vacancy is performing the Governor's duties.

The proposed amendment also requires the election of a Governor for the unexpired balance of the four-year term if a vacancy in the office of Governor as described in the proposed amendment continues for a six-month period expiring more than five months prior to a biennial state election other than an election for Governor.

QUESTION NO. 4 LAW PROPOSED BY INITIATIVE PETITION

Do you approve of a law summarized below, upon which the House of Representatives did not vote and upon which the Senate did not vote?

YES

NO

SUMMARY

The proposed law provides that the official ballot in the biennial State election for the year 1970 shall contain a question asking the voters whether there shall be a convention in 1971 to (1) revise, alter or amend the constitution of the Commonwealth on the following subjects, insofar as they relate to the structure of government, and no others: the Executive Branch; the General Court; the Executive Council; the government of cities, towns and counties and their relationship to each other and to the government of the Commonwealth; (2) simplify and rearrange the constitution, and (3) provide methods of amendment thereof. The question will state that the convention shall not consider or propose any measure which relates to the Massachusetts Declaration of Rights, the provisions of the Massachusetts constitution concerning the "Judiciary Power" (other than provisions respecting the Executive Council), or any of the excluded matters enumerated in Article XLVIII, II, Section 2 of the Massachusetts constitution. The question will fix the number of delegates to the convention at 150, of whom 20 members shall be members of the General Court; the remaining 130 members shall be elected by the voters in the manner summarized below. The question will also state that the convention shall conclude its business not later than 120 days from its first session.

The proposed law provides that if a majority of the votes on the foregoing question is in the affirmative, the convention shall be held in July, 1971 to revise, alter or amend the constitution on the matters enumerated above only. The House of Representatives and the Senate shall each elect as delegates 10 of its members, not more than 6 from each branch coming from the same political party. Of the remaining 130 delegates, 10 shall be elected at large and 120 shall be elected from the 40 senatorial districts, 3 from each. Provision is made for the manner of nominating and electing these 130 delegates, without party or political designation, for filling vacancies occurring in the position of any delegate, from whatever source chosen, and for the conduct of the convention's business.

Any revisions, alterations and amendments of the Massachusetts constitution adopted by the Convention shall be submitted to the people at the State election in 1972 for their ratification and adoption in such manner as the convention may direct. If a majority of the people voting thereon ratify and adopt such revision, alteration or amendment, the constitution shall be deemed to be changed accordingly.

The proposed law also provides that if the vote on the question to be submitted at the biennial State election in 1970 is in the affirmative, the Governor shall appoint a preparatory commission of 5 members to compile data to aid the convention in the discharge of its duties. Each member of the commission shall receive compensation of \$10,000 and the commission may expend a sum not in excess of \$200,000, as the Governor may approve, for its expenses.

QUESTION NO. 5

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

YES

NO

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

YES

NO

C. Shall Licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

YES

NO

D. Shall licenses be granted in this city (or town) for the sale of all alcoholic beverages by hotels having a dining room capacity of not less than ninety-nine persons and lodging capacity of not less than fifty rooms?

YES

Regretfully the year has been marred by two drownings at Lake Nipmuc. However though fatal accidents have occurred within a short distance of our Town Line, we have been spared from fatal highway accidents in 1968.

I believe the reduction in serious accidents and the absence of a fatal highway accident is due in part to a stricter enforcement of motor vehicle laws by this department. I commend the Officers of this department for their conscientious efforts in policing our roads and highways, and for the many other areas of police work that sometimes goes unnoticed.

We extend our appreciation to the following individuals for their assistance in the year 1968: Chief Linwood Lowell and the Fire Department for his aid at many accidents.

To Policewoman, Mrs. Mary Ames for the many hours given to the Town of Mendon for little or no pay.

The crash of an Air Force plane in May that had lost an engine and prop in this town required the use of several Police Officers, the Fire Department and became perhaps the most unusual incident of the year.

Police Memorial Sunday was observed and flowers placed on the graves of departed Police Officers. Once again a Christmas Party at the Henry P. Clough School sponsored by the Police Association was enjoyed by children and Officers alike.

Another highlight of the year was the appointment of Michael J. Magliocca as the first full-time Police Sergeant in the Town of Mendon.

The issuing of Firearms Identification Cards and Pistol Permits took many extra manhours to provide the necessary service to residents. We still look forward to the initiation of full time 24 hour police coverage of the Town of Mendon. Definite strides have been made in this direction and hopefully the year 1969 will see this necessary protection provided.

Every month training sessions are held, both for Reserve and Auxiliary Patrolmen and up to date police procedures are explained; usually with the use of visual aids. Hopefully, a regular police patrol of Lake Nipmuc can become part of future plans to insure a safer recreation area for both residents and non-residents.

In conclusion, I wish to express my gratitude to the Board of Selectmen, to the various departments of the town and to the wonderful citizens of the Town of Mendon for their splendid cooperation with this department through-out the year 1968.

Respectfully Submitted,

Kelsie E. Townsend,
Chief of Police

REPORT OF THE PLANNING BOARD

To the Citizens of Mendon

Activities Report:

During the year the Planning Board approved and signed a total of 42 plot plans and tracings to validate permits for new buildings, additions and accessory buildings and land transfer tracings to be recorded at the registry of deeds.

During the past year the Board prepared a complete revision of our present zoning by-laws which was presented at two hearings and to the voters at a special Town meeting on August 19, 1968 which was carried by a 2/3rds majority of the towns people present.

Due to a technical error in identifying the contents of these revisions adequately for identification, in the required public notices, they were disapproved by the Attorney General's office.

These amendments and revisions are going to be readvertised in the immediate future, in accordance with the requirements of Chapter 40 A Section 6 of the General Laws.

The Board, with the cooperation of the Selectmen, plans to present them once more to the towns people at another special town meeting to be held as soon as it is feasible for all concerned.

The Board wishes to thank the Board of Selectmen, the Board of Health, the Water Commissioners, the Highway Surveyor and the Town Clerk and all other town officials who have so willingly assisted them in expediting this matter which has become so important to the future of the Town of Mendon.

REPORT OF THE TRUSTEES OF THE TAFT PUBLIC LIBRARY

The trustees of the Taft Public Library submit the annual report of the Library for the year ending December 31, 1968.

We were saddened this year by the death of Mrs. Vestella Daniels who retired in June 1967 after serving as Librarian since 1945. The Town of Mendon was most fortunate in having as Librarian a person who was so devoted in maintaining the quality and service of the Library to its patrons over so many years. A memorial to Mrs. Daniels will be placed in the Library during the coming year.

The old heating system was replaced during the summer by the Hopedale Coal and Ice Co. and is a vast improvement over our former antiquated heating system. Other improvements needed for the Library are more bookshelves, refinishing of entire floor, replacing front steps, replacing wiring in basement, installing outlets on first floor and an outside meter.

Our sharing of the basement room with the Civilian Defense Unit and others has not proved to be satisfactory at times.

During the past year we have been most fortunate to have as our custodian, Antonio J. Chiccarelli. He deserves unlimited praise for his excellent service to the Library and we certainly hope he will remain with us for many years to come.

Harris E. Loring Jr. resigned as Chairman of the Board of Trustees in July 1968 and was replaced by Richard L. Childs.

Our ever present problem of overdue books at the Library is far from being solved, due to lack of cooperation on the part of some of our patrons. Perhaps we should resort to the Library rules published in 1891..."No person shall have privileges while in arrears for any injuries, fines, or losses. All books shall be returned to the Library on or before the first Saturday of February, for examination, under penalty of 50 cents for each book not returned. Any person violating these rules may be debarred by the Trustees temporarily or permanently from use of Library."

The Trustees wish to express their appreciation to Mrs. Rhodes, Librarian and her assistants for providing continued service of the Library to the community.

Respectfully submitted,
Richard L. Childs, Chairman
Henry P. Clough
E. Theodore Giatas

MENDON HOUSING AUTHORITY

1968 ANNUAL REPORT

In January of this year, the final payment was made to Alrae Construction Company. This payment closed the development books and was our first full year of all management.

A program was initiated towards the upkeep of the exterior of the buildings. This year three buildings were painted and fifteen doors were replaced. We hope to have approval for the installation of a Master Fire Alarm Box, which will be connected into Mendon's Fire Alarm System.

In April, the following officers were elected:

Chairman	Robert Jackson	Ass't Treasurer	Frank Dudley
Vice Chmn.	Joseph Bradley	Secretary	Lucinda Jackson
Treasurer	Beatrice Wood	Member	Charles Leonard

Several changes took place on the board. Mr. Leonard did not seek re-election and Mr. Lowell was elected to a five year term in the annual election. In September, Mr. and Mrs. Jackson resigned due to moving out of State. Mr. Hummel was appointed by Selectmen to fill out the term, which was held by Mr. Jackson. Mr. Bradley became Chairman. Mrs. Emma Barrows was appointed by the Authority as Executor Director and was elected Secretary.

A full tenancy was had this year with a small list of waiting applicants on file. Any person or persons interested in occupancy should file their application early.

The minimum rental is Sixty Dollars (\$60.00) per month and the maximum rental is Sixty-Seven Dollars (\$67.00). The admission income limit for a single tenant is \$2,500.00 per year and for a couple, it is \$3,000.00.

REPORT OF THE SUPERVISOR OF ELEMENTARY SCHOOLS

To the Mendon School Committee

It is a pleasure to submit my fifth annual report as your Supervisor of Elementary Schools.

A significant step was taken at the Elementary School level this past year. The schools were organized on a Continuous Progress Program in grades two through four, in the areas of Reading and Mathematics.

The program in its initial phase can be termed successful, but improvement and expansion is needed to make it truly effective. Program Blocks of Learning Situations have been established whereby a pupil satisfactorily masters one learning block before moving on to another.

Pupils are grouped by ability in reading and mathematics and move through a series of levels to their highest possible attainment. The pupils are then regrouped heterogeneously (individually) in the social and physical sciences, music, art, penmanship and projects which require different abilities for effective social learnings.

A major goal for the coming year is to break down the learning skills into smaller units to help those pupils who are weaker in particular skills.

Although educational events do not move as fast as I would like to see them move, I believe that the people of Mendon by their support of the continuous progress concept, desire educational change and to rid ourselves of our pathological devotion to outdated curriculum which assumes that all pupils are alike. I will work diligently to insure within total school capacity that each child will start each year where he or she left off last year.

I firmly believe that the best solution to our school construction needs should center around the Middle School concept, housing grades 5—8. This course of action is educationally sound as it affords the type of school programs necessary for the total development of pupils.

Another project in reading and mathematics was funded this past summer under Title I of the Elementary and Secondary Education Act. Mendon received \$9117.00. The funds are used to help pupils with educational problems and supplements our regular school program.

Mrs. Grace Hutchinson and Mrs. Lorna Rhodes catalogued library books in Mendon purchased with Title II Federal Funds.

Two committees composed of teachers from Mendon and Upton are in the process of completing curriculum guides in Language and Social Studies. A great deal of hard work was put into the guides to make it compatible with continuous progress.

Mrs. Janet Stockwell, School Nurse, keeps us well informed of the Physical needs of our pupils. Mrs. Stockwell tests eyes, ears and measures height and weight and coordinates clinics.

The Elementary Glee Club; under the direction of Mrs. Frances Rehfeld, Vocal Music Supervisor, and the Elementary Band; under the direction of Mr. Eugene Paquin; Instrumental Music Supervisor, presented a joint Christmas Concert that was well received by a capacity crowd.

We thank the Mendon P.T.A. for the wonderful support given to the schools and the splendid cooperation in all our endeavors.

In closing I would like to thank the Mendon School Committee for the support given to the betterment of our schools and to the new Mendon-Upton Regional School District a continuation of mutual support for the welfare of our children.

Respectfully submitted,

EDWARD M. SOTER
Supervisor Of Elementary Schools

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Mendon School Committee and the Mendon-Upton Regional School District Committee:

This will be my ninth annual report as your Superintendent of Schools. May I express my appreciation to you for your continued support in working for the betterment of the town's school system.

For some time we have been studying the possibilities of regionalizing K-12. It appears that the towns have taken a correct step forward by voting to put such a program into effect January 1, 1969. To date this has been a permissive law, but already a bill has been filed in the 1969 legislature to give the Dept. of Education the authority to dissolve school unions and to assign towns to unions.

To those people who faithfully served on the local school committees in the past, let me express my appreciation to each of you for your guidance, support, cooperation, and interest. You have set high standards for those who are elected to fill your place on the Committee taking over your duties.

The paramount problem at the upper grade level is still space. The High School Principal's report will give the facts. Throughout the past two years considerable work has been done in search of an acceptable building site. Extensive tests and retests have been made in the general area of Nipmuc Regional High School. None were acceptable for sewage disposal to the Dept. of Public Health. Therefore, the Region cannot build on the areas tested. An area on Pleasant Street in Upton has been approved and it is hoped that this site will be considered by the towns in early 1969. We are two years late now in providing space. Even if we start construction in the Fall of 1969, it is doubtful that the school could open in September, 1970. Delay can only hurt more boys and girls in a school program that is necessarily being diluted.

On the economic side it should be considered that building costs are soaring. Delays at this time are costly. It is my hope that we can initiate a building program no later than 1969.

The building of a middle school would solve a second problem for the District. Kindergartens are required by September, 1973. Upton has no space and will need at least two rooms. Under present conditions, Mendon would need one room and has this space available now. However, Mendon's grades, which are now divided into two rooms, are reaching the point where three divisions will be necessary if the town gains in population.

It is hoped that the same spirit of cooperation among professional and non-professional employees will be maintained under our new organization. We hope also to continue our healthy relationships with those town officials with whom we have worked in the past.

Respectfully submitted,

Kenneth L. Sharp
Supt. of Schools

REPORT OF THE SCHOOL COMMITTEE

To the citizens of the Town of Mendon, the Elementary School Committee submit their annual report:

The year 1968 will be remembered as the end of an era in local school administration, for on January 1, 1969, the elementary schools in both Mendon and Upton will become part of the Nipmuc Regional School System.

Your School Committee after a great deal of thought and investigation came to the conclusion that regionalization of grades K through 12 would, in the long run, be in the best interests of the town. Therefore, such a change was proposed in a special town meeting and after explanations was passed by a large margin. All of the mechanics for a smooth transition have been set in motion and, barring some unforeseen circumstance, the change will take place without interruption.

We have worked very closely with the Regional Committee, advising them of such things as condition of the elementary buildings, amount of land, budget items, etc., in order to make their increased task easier.

The new boiler was installed during the February vacation and is functioning properly. New windows were installed during the summer vacation in another one of the rooms in the wooden portion of the building. We now have two rooms completed and have requested the Regional Committee to carry out our plan to cover all four rooms and they have agreed.

In September Mr. H. Loring, Jr., found it necessary to resign from the committee due to a change in jobs. The Selectmen and remaining members of the committee, after due consideration, appointed Mr. N. W. Bridgham to fill this vacancy until such time as regionalization of K-12 became effective.

At the annual town meeting in March, 1967, it was voted to change the name of the elementary school to the "Henry P. Clough School." In early September, 1968, a new all-aluminum sign was installed and appropriate dedication ceremonies were held. The committee would like to thank the teachers, school administrators, pupils, town officials and the many citizens for attending and participating in this ceremony. We know Mr. Clough was deeply moved by this fine act and will long cherish the memories associated with his days as an educator in Mendon.

There is still considerable work to be done at the Henry P. Clough School, such as installation of a fire alarm system, renovation of the cafeteria, planning of classrooms for kindergarten, etc. All details and information regarding these matters has been turned over to the Regional Committee for consideration.

We sincerely wish to thank all Town Department Heads and townspeople that have helped to make our year as successful as it has been and hope you will all continue to give your support to the Regional Committee in the future.

Respectfully Submitted,
Richard L. Childs, Chairman
Arthur F. Johnson, Secretary

**REPORT OF REGIONAL SCHOOL COMMITTEE
TO THE
CITIZENS OF MENDON AND UPTON**

The regionalization of grades K through 12 for Mendon and Upton has been a major step forward educationally and financially. Whereas it will facilitate the area of administration, the contributions made by the members of the local committees will be deeply missed. Their devotion to the operation of the schools is greatly appreciated even more so now as the regional committee takes over the local committee's responsibilities.

Again much effort has been devoted to contract negotiations with teaching and non-teaching personnel. This we feel is in fairness to the townspeople and to those responsible for giving the children the best possible education.

We are grateful to the cooperation of the teachers and for what they have accomplished in retaining standards in spite of crowded conditions and double sessions. We cannot emphasize enough the need to relieve the space problems in our schools. The young people have been deprived of part of their school program at a time when we should be adding to our present curriculum to reach those of all learning speeds as well as to ease specific learning problems. May I call your attention to the reports of the Superintendent of Schools, the High School and the Elementary School Principals.

At a time when we must move rapidly to correct the problem of lack of space, we must also examine carefully all the problems to be solved to best serve the students educationally and to stay within reasonable financial ranges. Careful examinations have been made of proposals of additions to, or free standing buildings on the present site, or building on a new site. The committee recommends building on a new site. One must also keep in mind the possibility of a Middle School —housing grades 5—8. Kindergarten classes will soon be required in public schools and space must be found for these new pupils.

In order to increase the committee's efficiency in this field, a regional building assistance committee was established with members being Mr. Arthur Johnson and Mr. N. W. Bridgham from Mendon

and Mr. Paul Swanson and Mr. James Wheeler from Upton and a representative of the School Committee. This committee has investigated many new sites and re-examined previously known sites in an effort to locate the one that would best serve the needs of the pupils and to measure up to the standards set by the state. We are grateful for the time and energy given by these members and their expressed willingness and interest to continue advising the regional committee on all phases of a building program.

We appreciate the assistance given by Members of the Mendon and Upton Finance Committees in reviewing and helping to organize the 1969 school budget. The Committee also wishes to thank the Administration, Teachers, Non-teaching Staff, Town Officials, and the townspeople who have joined efforts to strive for high education standards for the young people of our towns.

Respectfully submitted,

Mrs. Marjorie McLaughlin, Chairman
Regional School Committee

REPORT OF THE PRINCIPAL

As has been stated before in my past reports, the problem of over-crowding in the Nipmuc Regional High School continues to become more acute with each passing year. We have now reached the point at which, as we look ahead to September of 1969, it will no longer be possible to house more than four grades in the building at one time. Without taking into account any transfers into or out of the school, projected enrollment figures indicate that we shall have approximately fifty more pupils in the high school grades next September than we have during the current school year.

To operate our program this year, the two rooms which were available in the junior high school wing are being used for high school classes. Next year, in order just to maintain our status quo curriculum-wise in grades nine through twelve, it will be necessary to release more rooms in the junior high school wing for high school classes.

The above circumstances will make it necessary to place the entire school on double-sessions next September, with grades nine through twelve attending the morning session and grades seven and eight attending the afternoon session.

Any retrenchment of the high school program will be a step backward and must not occur. Since the school opened in 1960, our aim has always been to offer a program of studies that will best meet the needs, abilities and interests of the pupils attending the school. Even though we have and will continue to have some classes in the high school with relatively small enrollments, these courses are fulfilling the needs of the pupils in them and should not be eliminated. At the same time, lack of space has forced us into many classes which are too large to maintain classroom situations conducive to effective teaching and learning. Also, lack of space and facilities have been and are a serious deterrent to the necessary broadening of our program to better meet the diverse needs represented by the pupils in a comprehensive high school.

In attempting to prepare our young people for living in a highly complex society, our program of studies must not remain static. We should be planning to include in our curriculum more advanced courses to challenge more fully our most capable students. We should be offering a larger variety of courses to meet the needs and interests of our terminal and non-college pupils. We should be expanding our business education offerings to include data processing and other related techniques. We should have a full-time reading instructor for remedial and/or developmental work. Spanish, which was phased out of our program during the last two years, should be reinstated into the curriculum. A health education course, in which education on alcohol, sex and drugs would be included, should be a part of our program of studies. With home economics now not available to seventh and eighth grade girls, a revision and expansion of the high school program is in order, with home economics perhaps being required of all ninth grade girls.

I am pleased to report that at the July 1968 meeting of the Commission on Public Secondary Schools of the New England Association of Colleges and Secondary Schools the required five-year report after our evaluation in 1963 was considered and accepted. This means that Nipmuc Regional High School will have continued membership and full accreditation. The commission, in notifying us of its action, expressed the hope "that continued progress will be made to provide the finest educational opportunities for the young

people of the community”. We were also reminded that our next evaluation should be planned during or before the 1972-1973 school year. It was also requested that we inform the commission of any major changes that occur in our school during the interim.

I wish to express my sincere appreciation to all individuals and organizations who in any way were of assistance in the operation of our school during the past year.

Respectfully submitted,
Wilho Frigard

ENROLLMENT BY GRADES

	7	8	9	10	11	12	Total
1968							
(Actual)	118	122	126	103	95	74	638
			398				
1969							
(Projected)	142	118	122	126	103	95	706
			446				

The above figures do not take into account any transfers into or out of the school by September 1969 and assumes that all pupils will progress normally to the next grade. These figures will without doubt not be exactly as listed above; but even if some pupils are retained in their present grades, they will still contribute to the over-all total figures.

MENDON—UPTON REGIONAL SCHOOL DISTRICT
SCHOOL LUNCH PROGRAM
REPORT OF CAFETERIA MANAGER

To the Mendon-Upton Regional School Committee and
Mr. Kenneth L. Sharp, Superintendent

Gentlemen:

During the past year we have continued to have a very high participation in the Lunch Program. With the use of USDA commodities, we have been able to keep the cost of student lunches at twenty-five cents per meal, in spite of rising food costs.

We served 53,418 Type A meals which met all State requirements and sold 81,101, ½ pints of milk.

As the Junior High is still on double sessions, they are not included in the lunch program.

I extend my sincere thanks to the students, school personnel and my staff for their fine cooperation during the past year.

Respectfully submitted,
Mrs. Marion Prentiss, Manager

ANNUAL REPORT OF THE BLACKSTONE VALLEY VOCATIONAL REGIONAL SCHOOL COMMITTEE

1. Regular Meetings of the committee are held at the school in Upton on the third Thursday of each month. During the year 1968, 11 regular meetings and four special meetings were held.

At the present time the following courses are being offered:

- a. Auto body
- b. Auto mechanics
- c. Drafting
- d. Electronics
- e. Machine shop
- f. Metal fabrication
- g. Carpentry
- h. Plant maintenance

2. Enrollment:

In September 1968 the third class enrolled in the school with 112 juniors, 117 sophomores and 111 freshmen. Of these there are 9 from the Town of Mendon.

3. Adult training program:

The evening trade extension courses are open to persons over 16 who are not attending school and the following courses are offered:

- Auto body repair
- Auto mechanics
- Carpentry
- Electronics
- Machine Shop
- Metal Fabrication
- Plant Maintenance
- Drafting
- Plumbing code
- Blueprint reading

In these courses are enrolled 17 men from Mendon.

4. Automotive Machinist Program:

44 week training period

5. Production Machinist Program:

30 week program for unemployed men

There have been 670 people enrolled in all the different courses at the school.

New Building:

Because of the size of the enrollment there was a need for building new spaces for the incoming classes. The new building which will be ready for use in September 1969 will house new class and shop areas and provide at least one new course, viz., plumbing. It will enable the school to house an additional number of boys to make the four year classes complete.

The Town of Mendon is assessed according to the number of pupils enrolled and according to the original ratio for the capital expenditure.

The total assessment for Mendon is \$1,266.00

FINANCE COMMITTEE REPORT

ANNUAL TOWN MEETING

1968

FINANCE COMMITTEE REPORT

Citizens of Mendon:

For the year 1969 your Finance Committee recommends that the sum of \$673,329 be raised and appropriated at the annual town meeting. This included \$616,336 for Article 4 Appropriations and \$56,993 for Special Articles. Available and Special Funds amount to \$69,988, leaving a balance of \$603,341 to be raised by tax levy. These recommendations were determined after several hours of study and consideration of all departmental requests.

Estimated maximum acquisition costs have been used for the following

Article 4 – Police Department Cruiser Trade-In.

Article 4 – Highway Department Equipment Purchase.

Article 7 – Fire Department Combination Truck-Tanker.

Bids for these items have been requested and will be opened before the Annual Town Meeting. In the past the money was appropriated before bids were requested. Under this new procedure we believe it will be possible to reduce the required appropriations on the Town Meeting floor.

In addition to holding the rising costs of town government within reasonable bounds, one of the prime objectives of your Finance Committee is to schedule major capital expenditures in a manner which will avoid large fluctuations in the tax rate. With this objective in mind, coupled with the imminent need for additional school facilities, we are recommending the remodeling of the lower town hall to provide office facilities for town departments and also the purchase of a new fire truck during the year 1969. Details on these recommendations will be found under the Special Article section of this report.

Of the \$5,000.00 Reserve Fund appropriated in 1968, \$3,504.35 was transferred and is included in the expenditures of the departments enumerated below:

Aid to Veterans	\$1,236.20
Insurance on Town Buildings	563.80
Police Dept. – Expense	614.56
Town Beach – Salaries & Wages	250.00
Highways – Gen'l Repairs – Wages	202.25
Dog Officer – Expense	173.00
Record Room – Equipment	168.00

Library — Expenses	117.50
Tree Warden — Expense	63.45
Tree Warden — Salaries & Wages	50.00
Four Other Departments	64.79
	<hr/>
Total Transfers	\$3,503.55

We wish to thank the town officials and department heads for their co-operation and assistance and we urge you, the voters and taxpayers, to attend the Annual Town Meeting and bring this report with you.

BUDGET REVIEW

ARTICLE 4

Salaries & Wages: Continuing with the Salary & Wage Schedule established by this committee in 1965 we have included increases in several departmental budgets which are to become effective April 1, 1969. The added annual cost of these increases amount to \$850.00 in salaries and \$3,200 in hourly wages.

Police Department: Wage increase of \$4,500 includes the anticipated addition of a third full-time man at \$120.00 weekly effective April 1, 1969. Present salaries of the full time personnel are: Chief of Police \$160.00, Sergeant \$130.00. Included in the expense recommendations are \$2,400 for an answering service and \$560.00 for furniture and equipment. \$2,600 has been recommended for cruiser trade-in.

Highway Department: Expansion of Chapter 90 Programs amount to \$2,000.00. The balance of the increase in this category is primarily due to wage increases. The recommended hourly wages of highway personnel effective April 1, 1969 will be: Superintendent \$2.80; Truck Drivers \$2.40; Laborers \$2.10

Veteran's Benefits: Heavier case loads and higher allowable benefits are the cause for the increase in this department. Aid to veterans are 50% reimbursed by the State.

Schools: Soaring salaries continued unabated! Between legislative mandate and collective bargaining the taxpayer is all but helpless! Aside from this, a higher Mendon pupil ratio has also increased costs.

SPECIAL ARTICLES

ARTICLE 5: Unpaid Bills of Prior Years

We recommend that the sum of \$180.65 be appropriated to pay Highway Department public liability and workmen's compensation insurance audit bills for 1966 & 1967. This requires a 4/5ths vote.

ARTICLE 6: Remodeling Town Hall to Provide Office Facilities

The complexity of present day municipal government necessitates adequate office facilities even in small towns. Mendon's need was clearly communicated to the taxpayers last year. At that time the consensus of opinion seemed to be in agreement as to the need but not in the method of resolving the problem. There can be little question that the least expensive method of providing office facilities would be to renovate part of the town hall. At this writing detailed plans and costs are not available but it is anticipated that construction costs will not reach \$15,000.00. Any unexpended balance not required for remodeling will be used to purchase furniture and equipment for the offices. We recommend that \$5,000.00 be appropriated by taxation and that \$10,000.00 be appropriated from Available Funds to provide town office facilities in the town hall.

ARTICLE 7. Combination Fire Truck-Tanker

Fire Department equipment is very expensive but all this becomes completely irrelevant when the whistle blows. The question that arises at that time is whether or not the equipment is adequate to handle the fire and, of equal importance, is it reliable and dependable. At the present time Engine No. 3 is 21 years old and the tanker is in very poor condition. For these reasons the Fire Department is requesting a combination fire truck-tanker to replace

Enginer No. 3 and the tanker. We recommend that \$7,500.00 be appropriated by taxation, \$10,000.00 be appropriated from the Stabilization Fund, and \$15,000.00 be appropriated by borrowing for a period of five years under Chapter 44 of the General Laws.

ARTICLE 8. School Lunch Program Deficit

The school lunch program has been operating at a deficit for several years. Regionalizing all school grades leaves this overdrawn account on the town's books. We recommend that the sum of \$2,077.13 be appropriated to the Henry P. Clough School Lunch Program to balance this deficit.

ARTICLE 9: Transfer of Unexpended Funds to E & D

The Milford Health Center, operated jointly by the Milford Area Mental Health Association and the State Department of Mental Health, has replaced the Greater Milford Mental Health Association. Money for the new organization has been included in the Board of Health Budget. We recommend that the sum of \$235.00 appropriated under Article 7 of the 1966 Annual Town Meeting be transferred to the Excess & Deficiency account.

ARTICLE 10: Increase in Finance Committee members from 5 to 7

At the present time the Finance Committee is operating with one-man sub-committees. This has made it very difficult when new members are appointed and have to be familiarized with the operations of the various departments. With two-man sub-committees each new member would be working with an experienced man. In addition, two more members would help distribute the work load at budget time and provide better communication with appointed officials and department heads. We recommend that the town vote to amend Chapter 4, Section 1 of the Town By-Laws to increase from 5 to 7 the number of members of the Finance Committee.

ARTICLE 11: Park Street Reconstruction

This is the continuation of reconstruction work as agreed upon in previous years. We recommend appropriation of the sum of \$4,000.00 for this project.

ARTICLE 12: Bates Street Reconstruction

The grant under Chapter 616 of the Acts of 1967 was scheduled for a two year program. The balance of last year's appropriation (\$2,289.76) plus the \$2,734.76 recommended this year will be available for reconstruction work on Bates Street.

ARTICLE 13: Retarded Children

The Regional Summer Program for Retarded Children is held in Bellingham. It has proved to be very successful due to the efforts of a dedicated staff. Expenditures for this program are 50% reimbursed by the State. We recommend that \$500.00 be appropriated under this article.

GLOSSARY OF TERMS USED IN TOWN FINANCE

The following terms are frequently used in the Annual Town Report and at Town Meetings. These definitions are provided in order to give you a better understanding of their meaning:

SURPLUS REVENUE:

This fund, often referred to as "Excess & Deficiency" (E & D) represents the amount by which the Cash, Accounts Receivable and other assets exceed the liabilities and reserves.

AVAILABLE FUNDS:

A fund, often referred to as "Free Cash", certified annually by the State Bureau of Accounts by deducting from Surplus Revenue all uncollected taxes for prior years and overdrawn accounts. This fund may be used by a vote of the Town Meeting.

RESERVE FUND:

This fund is established by the voters at the annual town meeting and may be composed of the following: 1) an appropriation not exceeding 5% of the preceding year's tax levy: 2) money appropriated from Overlay Reserve: or 3) both. Transfers from the Reserve Fund are within the exclusive control of the Finance Committee and are for "extraordinary or unforeseen expenditures".

STABILIZATION FUND:

A special account created to provide a reserve for capital expenditures. Under certain conditions the State will match sums taken from this Fund during the first year only; and in amounts up to a maximum of \$100,000. This Fund reduces the Bonding costs for Mendon.

OVERLAY:

The Overlay is the amount raised by the Assessors in excess of appropriations and other charges for the purpose of creating a fund to cover abatements granted and avoid fractions when establishing the tax rate.

OVERLAY RESERVE:

This is the accumulated amount of the Overlay for various years not used or required to be held in the specific Overlay account for a given year. It may be used by vote of the town for extraordinary or unforeseen expenditures or voted into the Reserve Fund.

ROAD MACHINERY FUND: (An Income Account)

The Town charges for municipally owned equipment used on State (Chapter 81 & 90) reimbursed work. This charge is based upon acceptable rates set by the Mass. D.P.W. and covers such equipment as trucks, backhoes and rollers. The income is then deposited into this account. These funds are later appropriated to the Road Machinery Account.

ROAD MACHINERY ACCOUNT:

This is an Expense Account and is used only for payment of operating and maintenance expenses of highway department equipment.

CHAPTER 90 FUNDS:

These funds are spent for highway construction and maintenance with the co-operation of the town, county and State Department of Public Works. The shares for new construction are: Town 25%; County 25%; and State 50%. Maintenance projects are shared equally, one-third each.

RECOMMEND that \$32,500.00 be appropriated for the purchase of a new combination fire truck-tanker. — \$7,500.00 from taxation, \$10,000.00 from the Stabilization Fund and \$15,000.00 by borrowing under Chapter 44 of the General Laws, for a period of five years,

ARTICLE 8. To see if the Town will vote to appropriate the sum of \$2,077.13 to the Henry P. Clough School Lunch Program.

RECOMMEND that \$2,077.13 be appropriated to cover the deficit in the Henry P. Clough School Lunch Program.

ARTICLE 9. To see if the Town will vote to transfer the sum of \$235.00 from the Greater Milford Mental Health Association Account to the Excess and Deficiency Account. This being the sum appropriated under Article 7 of the April 1, 1966 Town Meeting.

RECOMMEND that the Greater Milford Mental Health Association Account of \$235.00 be transferred to the Excess and Deficiency Account.

ARTICLE 10. To see if the Town will vote to amend Chapter 4 Section 1 of the Town By-Laws to increase the number of members of the Finance Committee from five to seven members.

RECOMMEND that the Town By-Laws be amended to increase the membership of the Finance Committee to seven members.

ARTICLE 11. To see if the Town will vote to appropriate the sum of \$4,000.00 for the purpose of reconstruction work on Park Street.

RECOMMEND that \$4,000.00 be appropriated for the continuation of reconstruction work on Park Street.

ARTICLE 12. To see if the Town will vote to appropriate the sum of \$2,734.76 from the proceeds of Chapter 616 of the Acts of 1967 for the reconstruction of Bates Street.

RECOMMEND that \$2,734.76 be appropriated from Chapter 616 of the Acts of 1967 for reconstruction work on Bates Street.

ARTICLE 13. To see if the Town will vote to appropriate the sum of \$500.00 for the purpose of providing for participation of eligible retarded children in a Regional Summer Recreation Program.

RECOMMEND that \$500.00 be appropriated for a Regional Summer Recreational Program for Retarded Children.

Polls Will Close at 8:00 P.M.

And you are directed to serve this Warrant by posting an attested copy in three or more public places in the Town of Mendon at least seven days before said meeting; one copy thereof shall be posted on the Town Hall Building.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town before the time of meeting aforesaid.

Given under our hands at Mendon, this Seventeenth day of February A.D. 1969.
